DEAR VETERAN

Thank You for Your Service . . .

It is indeed a pleasure to serve veterans who gave so much of themselves to preserve the freedoms we enjoy today. Your sacrifices have given us the security of peace in our homeland and abroad, as well as preserved and protected our constitutional right of self-government, for which we are very grateful.

This booklet has been compiled through federal, state, and local agencies especially for *You*, Our Veterans and Your Families, to:

- Provide information about benefits and services
- Provide links to direct sources – computer-based and professional – for answers to specific questions
- Assist in communicating more effectively with your elected representatives
- Educate state, nonprofit, and community providers about benefits and services available through other agencies or service providers

Eligibility for most Veterans Affairs (V.A.) benefits is based upon discharge from active military service under other than dishonorable conditions. Active service means full-time service as a member of the Army, Navy, Air Force, Marine Corps, or Coast Guard, or as a commissioned officer of the Public Health Service, the Environmental Services Administration, or the National Oceanic and Atmospheric Administration. Current and former members of the Selected Reserve may be eligible for benefits.

Any Michigan Veteran, or dependent of a Veteran, can request the assistance of a Veterans Service Officer or a County Counselor. See page 35 for the County Veterans Counselors in Michigan and page 36 for the listing of our Veterans Service Organizations.

The State of Michigan's Veterans Hotline is available at **1-800-455-5228** or on the web at **www.michigan.gov/vetreps**. The federal Regional V.A. Michigan Office is available at **1-800-827-1000**.

This booklet is intended as an introduction to the many programs and services available. Please contact the sources cited to assist you and your family to obtain benefits you have earned.

To Veterans and Your Families, thank you for your service.

INFORMATION ON ELIGIBILITY FOR MILITARY SERVICE BENEFITS IS AVAILABLE FROM THE U.S. DEPARTMENT OF VETERANS AFFAIRS (AGENCY LISTING #3 ON PAGE 37), VETERANS SERVICE OFFICERS, OR A COUNTY VETERANS SERVICE OFFICE.

EDUCATION AND TRAINING

Education and Training – U.S. Federal Programs

Post-9/11 GI Bill

Eligibility: The Post-9/11 GI Bill is a new education benefit program for service members and veterans who served on active duty on or after September 11, 2001. Benefits are payable for training pursued on or after August 1, 2009. No payments can be made under this program for training pursued before that date.

To be eligible, the service member or veteran must serve at least 90 aggregate days on active duty after September 10, 2001, and remain on active duty or be honorably:

- Discharged from active duty status;
- Released from active duty and placed on the retired list or temporary disability retired list, the Fleet Reserve or Fleet Marine Corps Reserve, or in a reserve component of the Armed Forces.

Veterans may also be eligible if they were honorably discharged from active duty for a service-connected disability after serving 30 continuous days after September 10, 2001.

Generally, service members or veterans may receive up to 36 months of entitlement under the Post-9/11 GI Bill. Eligibility for benefits lasts for 15 years from the point of eligibility.

If, on August 1, 2009, the service member or veteran is eligible for the Montgomery GI Bill; the Montgomery GI Bill – Selected Reserve; or the Reserve Educational Assistance Program, and qualifies for the Post-9/11 GI Bill, an irrevocable election must be made to receive benefits under the Post-9/11 GI Bill.

In most instances, once the election to receive benefits under the Post-9/11

GI Bill is made, the individual will no longer be eligible to receive benefits under the relinquished program.

Based on the length of active duty service, eligible participants may be entitled to receive a percentage of the following:

- (1) Cost of tuition and fees, not to exceed the most expensive in-state undergraduate tuition at a public institution of higher education (paid directly to the school);
- (2) Monthly housing allowance equal to the basic allowance for housing payable to a military E-5 with dependents, in the same zip code as the primary school (paid directly to the service member or veteran);
- (3) Yearly books and supplies stipend of up to \$1,000 per year (paid directly to the service member or veteran); and
- (4) A one-time payment of \$500 paid to certain individuals relocating from highly rural areas.

Benefits may be used for any approved program offered by a school in the United States that is authorized to grant an associate (or higher) degree. Call **1-888-GI-BILL-1 (1-888-442-4551)** or visit **www.gibill.va.gov** for information about attending school in a foreign country.

The Department of Defense may offer members of the Armed Forces on or after August 1, 2009, the opportunity to transfer benefits to a spouse or dependent children. DOD and the military services must approve all requests for this benefit. Members of the Armed Forces approved for the Transfer of Entitlement (TOE) may only transfer any unused portion of their Post-9/11 GI Bill benefits while a member of the Armed Forces, subject to their period of eligibility.

EDUCATION AND TRAINING

Legacy Educational Benefits

The Montgomery GI Bill (MGIB) provides a program of educational benefits to honorably discharged veterans. The participant generally must have a high school diploma or an equivalency certificate before beginning training. Completing a minimum of 12 credit hours toward a college degree meets this requirement. Credits granted by colleges for life experiences may be used to meet this requirement.

Basic eligibility applies to veterans who entered active duty for the first time after June 30, 1985. Active duty includes certain full-time Reserve and National Guard duty performed after June 30, 1985. To participate in the MGIB, service members have their military pay reduced by \$100 a month for the first 12 months of active duty. This money is not refundable.

Individuals who had remaining entitlement under the Vietnam Era GI Bill when that program ended on December 31, 1989, must have served on active duty for any number of days during the period October 19, 1984, to June 30, 1985; or served on active duty for at least three continuous years beginning on July 1, 1985; or served at least two years active duty beginning after June 30, 1985, followed by a minimum of four years in the Selected Reserve. Those who were not on active duty on October 19, 1984, if they served three continuous years on active duty at any time beginning on or after July 1, 1985, or two continuous years of active duty at any time followed by four continuous years in the Selected Reserve, may also be eligible for MGIB benefits.

Individuals who were participants under the Post-Vietnam Era Veterans Educational Assistance Program (VEAP) may be eligible if they served on active duty on October 9, 1996, participated in VEAP and contributed money to a VEAP account, and elected MGIB by October 9, 1997, and paid \$1,200. Veterans who participated in VEAP on or before October 9, 1996, may also be eligible even

if they did not deposit money in a VEAP account if they served on active duty from October 9, 1996 through April 1, 2000, elected MGIB by October 31, 2001, and contributed \$2,700 to MGIB. Certain National Guard service members may also qualify if they served on full-time active duty in the National Guard between June 30, 1985 and November 29, 1989, elected to have National Guard service count toward establishing eligibility for MGIB during the nine-month window ending on July 9, 1997, and paid \$1,200.

Contact your county veterans service office or call the U.S. Department of Veterans Affairs (V.A.) at **1-888-442-4551** for further information, particularly on eligibility. Additional information for school officials, veterans, and dependents can be found on the V.A.'s Education Services web page (<http://www.gibill.va.gov>).

Other Federal Education Programs

V.A. Work-Study Program

The V.A. Work-Study Program allows veterans to earn additional income while attending school (usually in the form of a part-time job with a veteran-related organization). Talk to your local veteran affairs representative at any university or community college or call **1-888-GI-BILL-1** for more information. You can also visit the V.A. web site at <http://www.gibill.va.gov>.

Federal Pell Grant Program

The federal government is a source for education grants. Applicants must be undergraduate students who have not earned a bachelor's degree. Each applicant must be a U.S. citizen or an eligible noncitizen and needs to have a high school diploma or a GED or demonstrate the ability to benefit from the program.

EDUCATION AND TRAINING

Pell Grant Eligibility

The U.S. Department of Education uses a standard formula established by Congress to evaluate the information a student supplies when applying for a Pell Grant. This formula produces an EFC (expected family contribution) number, which will determine if the student is eligible for the grant. The formula relies heavily on families' federal tax returns.

Award Amount

The amount of the Pell Grant depends on the student's EFC and several other factors, including program funding. For more information, visit **www.studentaid.ed.gov**.

How and When to Apply

Students apply not only for Pell Grants but for all federal, state, and institutional financial aid programs (except scholarships) by completing the Free Application for Federal Student Aid (FAFSA). The FAFSA form is available from high school guidance offices, or the application can be completed online at **www.fafsa.ed.gov**. Be aware of the application deadlines for submission and corrections.

Education and Training – State of Michigan Programs

The Michigan Commission on Disability Concerns, which includes the Division on Deaf and Hard of Hearing

The Michigan Commission on Disability Concerns responds to and advocates on behalf of Michigan's 1.9 million people with disabilities. This is done through information and technical assistance, disability rights training, working with the Michigan Business Leaders Network on employment for people with disabilities, coordinating the Michigan Youth Leadership Forum, and conducting disability awareness and sensitivity training. The Division on

Deaf and Hard of Hearing deals with issues involving Michigan citizens who are deaf or hard of hearing. The mission of the commission is to provide statewide leadership to empower and integrate people with disabilities into all aspects of society.

Educational Benefits for Children of Disabled or Deceased Veterans

Tuition Grant Program

A program administered by the Michigan Higher Education Assistance Authority in the Michigan Department of Treasury provides payment for the education of the children of a veteran who is totally disabled from service-incurred causes, was killed in the line of duty, has died subsequently from a service-related disability, was totally disabled before death from a service-connected illness or injury, or who is listed by the federal government as missing in action in a foreign country. A student may be eligible for a tuition waiver of up to \$2,800 annually for undergraduate study. Recipients must meet certain eligibility requirements. Information on eligibility and application forms are available at **www.michigan.gov/studentaid** or by calling toll-free **1-888-447-2687**.

EMPLOYMENT

Employment – U.S. Federal Programs

Transition Assistance Program (TAP)

The Transition Assistance Program (TAP) is available to service members (and their spouses) who are scheduled for separation from active duty. The program provides employment and training information to service members within 12 months of their separation or 24 months of retirement from the military. Three-day workshops to help begin the transition from military to civilian employment are conducted at military installations. TAP offers information on how to write resumes, prepare for job interviews, negotiate credits at schools, and obtain certificates or licenses. Additional information is available on the Internet at http://www.dol.gov/vets/programs/tap/tap_fs.htm.

You may also wish to visit the Internet site DoD at <http://www.dodtransportal.org>

You may also wish to use CareerOneStop at <http://www.acinet.org/acinet/moc> to translate military occupations to civilian counterparts.

Verification of Military Experience and Training

The Verification of Military Experience and Training (VMET) Document, DD Form 2586, helps service members verify previous experience and training to potential employers. VMET documents are available only through Army, Navy, Air Force, and Marine Corps Transition Support offices and are intended for separating or retiring service members who have at least six months of active duty service. Service members should

obtain VMET documents from their Transition Support office within 12 months of separation or 24 months of retirement.

Federal Jobs for Veterans – Office of Personnel Management (OPM)

Certain veterans, principally those who are disabled or who served on active duty during specified times, are entitled to preference for federal civil service jobs filled by open, competitive exams. This preference includes five or ten points added to passing scores on examinations.

Preference is also provided for certain widows and widowers of deceased veterans who do not remarry, and for mothers of military personnel who died in service; spouses of service-connected disabled veterans who are no longer able to work in their usual occupations; and mothers of veterans who have permanent and total service-connected disabilities.

Individuals interested in federal information should contact the personnel offices of the federal agencies in which they wish to be employed. Or, contact any Office of Personnel Management (OPM) Service Center. The centers are listed in telephone books under U.S. Government, or you can visit the web site at <http://www.opm.gov>.

Federal job opportunities can be found at <http://www.usajobs.opm.gov>.

EMPLOYMENT

Other Training Benefits

V.A. Vocational Rehabilitation and Employment

Vocational Rehabilitation and Employment is an employment-oriented program that assists veterans with service-connected disabilities by offering them services and assistance to help them prepare for, find, and keep suitable employment. Suitable employment is work that is within the veteran's physical, mental, and emotional capabilities and matches their skills, abilities, and interests.

For veterans whose disabilities make employment unlikely, V.A. helps them attain as much daily living independence as possible.

For more information, visit **www.vetsuccess.gov**.

Eligibility for the V.A. Vocational Rehabilitation and Employment Program

A veteran must have a V.A.-established service-connected disability of at least 10 percent with a serious employment handicap, or at least 20 percent with an employment handicap; and be discharged or released from military service under other than dishonorable conditions. A service member pending medical separation from active duty may apply, but the disability rating must be at least 20 percent. Information and application forms are available from your county V.A. office; Brent Haddow, the V.A. Vocational Rehabilitation Statewide Coordinator at **313-471-3807**; or on the Internet at **http://www.va.gov**.

Time Period for a V.A. Rehabilitation and Employment Program

Generally, veterans must complete a vocational rehabilitation program within 12 years from their separation from military service or within 12 years from the date V.A. notifies them that they have a compensable service-connected disability. Depending on the length of program needed, veterans may be provided up to 48 months of full-time services or their part-time equivalent. These limitations may be extended in certain circumstances.

The MGIB and the V.A. Vocational Rehabilitation and Employment Program have several combinations of eligibility depending on the time, dates of service, and contributions made while in the military service. Contact your county veterans service office or call the V.A. at **1-888-442-4551** for further information, particularly on eligibility.

Re-Employment Rights

A person who left a civilian job to enter active duty in the armed forces may be entitled to return to the job after discharge or release from active duty. Re-employment rights are provided for those who served in the active duty or reserve components of the armed forces. To be re-employed, four requirements must be met:

- (1) The person must give advance notice of military service to the employer;
- (2) The cumulative absence from the civilian job shall not exceed five years (with some exceptions);
- (3) The person must submit a timely application for re-employment; and
- (4) The person must not have been released with a dishonorable or other punitive discharge.

The law calls for the returning veteran to be placed in the job as if the veteran had remained continuously employed. This means that the person may be entitled to benefits that are based on seniority, such as pensions, pay increases, and promotions. The law also prohibits discrimination in hiring, promotion, or other advantages of employment on the basis of military service.

Applications for re-employment should be given, verbally or in writing, to a person authorized to represent the company for hiring purposes. A record should be kept of the application. If there are problems gaining re-employment, the employee should contact the Department of Labor Veterans' Employment and Training Service (VETS) in the employer's state. This applies to private sector, as well as state, local, and federal government employees, including the Postal Service.

Michigan Works! Service Centers, in over 100 locations, provide locally designed and operated services to meet local labor market needs. Employers seeking workers can post their job listings on the nation's first Internet-based public labor exchange. Veterans can post their resumes for review by employers who are recruiting workers.

EMPLOYMENT

The Michigan Works! system is open to everyone for information gathering, local and state labor market information, and self-serve career information, including necessary skill levels for good jobs. Special attention is given to meeting the needs of veterans and people with disabilities. **Each Michigan Works! Service Center has a Veterans Employment Representative or Disabled Veterans Outreach Worker responsible for assisting veterans with their employment needs.**

The labor market exchange component is called the **Michigan Talent Bank**. The Talent Bank can be accessed by calling **1-800-285-WORK (9675)**, online at **<http://www.michworks.org>**, or at any of the Michigan Works! Service Centers throughout Michigan.

Opportunities for Veterans Employment

The Veterans Services Division of the Department of Energy, Labor and Economic Growth promotes a labor exchange system focused on identifying and serving veterans separating to Michigan for employment opportunities that match their qualifications and career interests, while simultaneously meeting the staffing needs of the business community in our state. The division provides returning veterans with detailed information about rights, benefits, and privileges to which veterans are entitled in the state and federal government. Veteran Service Specialists are available to assist with employment, education, and training needs and to help with licensing and credentialing. The toll-free number is **1-800-455-5228**. Or visit **<http://www.michigan.gov/veteranjobs>**.

Department of Energy, Labor and Economic Growth Bureau of Workforce Transformation

This bureau's site contains information on lifelong learning opportunities that veterans may utilize. See the department's web site at **www.michigan.gov/veteransjobs**.

Unemployment Compensation

Recently discharged veterans with 365 days or more of continuous active service (unless separated earlier because of a service-related disability) and who have been discharged under conditions other than dishonorable may be eligible for unemployment compensation of up to 26 weeks. Benefits are paid from federal funds to eligible veterans who are able and available for work but are unable to find employment. Extended unemployment benefits may be available to those who exhaust their basic eligibility.

Recently discharged persons may not be eligible if they are already receiving a retirement pension, certain educational assistance, or vocational subsistence allowances from the USDVA.

Re-Employment Rights for Veterans

In 2002, the Michigan Legislature enacted a law to strengthen the Michigan law regarding re-employment of employees after military service. The act prioritized the employment positions in which a person would be re-employed following active service. The act specifies that the person is entitled to the seniority and the seniority-based rights and

benefits he or she would have otherwise been entitled to, as well as other rights provided to employees on a leave of absence. Under certain circumstances, a

person may not be entitled to re-employment under the law. State re-employment rights, when superior or in addition to federal rights, are not superseded or diminished by federal law.

Get more information and speak to a veterans employment representative at **1-877-808-VETS**.

Veterans Preference for State Jobs

The Michigan Civil Service Commission has information on state jobs. The Civil Service Commission provides for a veterans hiring preference through rules adopted by the commission. Rule 3-8 provides for a preference for an eligible veteran or spouse of a veteran.

A qualifying veteran, including retirees, and/or spouse must register with the Department of Civil Service using form CS-1791, and include the required documentation.

Michigan Rehabilitation Services

Veterans with disabilities should also look into the State of Michigan Rehabilitation Services program administered by the Michigan Department of Energy, Labor and Economic Growth. Services may be available to supplement USDVA allowances for vocational rehabilitation in cases of special need or for vocational rehabilitation, guidance, and counseling. Employment services may also be available to veterans whose disabilities are not service-related. Information is available toll-free at **1-800-605-6722** or **1-888-605-6722 (TTY)**. Or visit the web site at www.michigan.gov/mrs.

HEALTH CARE

Health Care and Hospital Benefits – Federal Programs

If you have questions about your health care eligibility, call your nearest health care facility or the Health Benefits Service Center at **1-877-222-8387** to obtain the latest information. Additional information on enrollment, including enrollment forms and online applications, also can be found at <http://www1.va.gov/health/index.asp>.

Veterans Health Administration

VHA provides a full range of health care for veterans, to include prescription, surgery, counseling and rehabilitation. This benefit is available for a 5-year period following deployment for illness potentially related to service in a combat theater. To receive care, veterans must first enroll by submitting a VA Form 10-10EZ.

Call **1-800-827-1000** or visit our web site at <http://www.va.gov> for information about Veteran Administration services, benefits, and facility locations.

Financial Assessment

Veterans who want to enroll in a priority group based on their inability to defray the cost of their care must provide the V.A. with information on their annual income and net worth to determine whether they are below the annually adjusted “means test” financial threshold. A veteran’s household income and net worth, such as the market value of certain real property, stocks, bonds, notes, individual retirement accounts, bank deposits, savings accounts, and cash, are considered when making this financial assessment.

Services Requiring Co-Payments

Some veterans must make co-payments to receive V.A. health care. These include:

- Inpatient care for veterans may require co-pays depending on their income and service-connected disability status.
- Extended-care service may require co-pays based on each veteran’s financial situation.
- Medication usually requires an \$8 co-pay for each 30-day supply or less of medication provided by V.A. for a condition that is not service-connected.
- Outpatient care uses a three-tiered co-pay system. The co-pay is \$15 for a primary care visit and \$50 for some specialized care. Certain services do not require a co-pay.

Overseas Benefits

V.A. will pay for medical services for the treatment of service-connected disabilities and related conditions for veterans living or traveling outside the United States. Before using the program, veterans living in the Philippines should register with the V.A. office in Pasay City, phone **011-632-838-4566** or e-mail at manlopc@vba.va.gov. All other veterans living or planning to travel outside the U.S. should register with the Denver Foreign Medical Program office, P.O. Box 469061, Denver, CO 80246-9061, USA, phone **303-331-7590**.

Nursing Home Care

Nursing care in V.A., state, or community nursing homes may be provided for veterans who are not acutely ill and not in need of hospital care. Veterans generally must be medically stable, have a condition

HEALTH CARE

that requires inpatient nursing home care, and be assessed to be in need of nursing home care by an appropriate medical provider. They also must meet the eligibility requirements for the home to which they are applying. For V.A. nursing homes, they may have to pay a co-payment. V.A. social workers at local V.A. medical centers can help interpret eligibility and co-payment requirements.

Aid and Attendance for Housebound Benefits

A veteran who is determined by V.A. to be in need of the regular aid and attendance of another person, or a veteran who is permanently housebound, may be entitled to additional disability compensation or pension payments. A veteran evaluated at 30 percent or more disabled is entitled to receive an additional payment for a spouse who is in need of the aid and attendance of another person.

Information on applying for this assistance may be found at <http://www.vba.va.gov/bln/21/Pension/vetpen.htm> or by calling 1-800-827-1000.

Mental Health Residential Rehabilitation Treatment Program

Mental Health Residential Rehabilitation Treatment Programs (MH RRTP) (including Domiciliary RRTPs) provides residential rehabilitative and clinical care to eligible veterans who have a wide range of problems, illnesses, or rehabilitative care needs which can be medical, psychiatric, substance use, homelessness, vocational, educational, or social.

The MH RRTP provides a 24-hour therapeutic setting utilizing a milieu of peer and professional support. The programs provide a strong emphasis on psychosocial rehabilitation and recovery services that instill

personal responsibility to achieve optimal levels of independence upon

discharge to independent or supportive community living. MH RRTP also provides rehabilitative care for veterans who are homeless. Call your nearest benefits office or health care facility to obtain the latest information.

V.A. Disability Compensation

V.A. disability compensation is a monetary benefit paid to veterans who are disabled by injury or disease incurred or aggravated during active military service. The service of the veteran must have been terminated through separation or discharge under conditions that were other than dishonorable. Disability compensation varies with the degree of disability and the number of dependents, and is paid monthly.

Veterans with disability ratings between 30 percent and 100 percent are eligible for allowances for a spouse and for each minor child, child 18-23 years of age attending school, child if disabled before 18 years of age, and dependent parent. The amount depends on the disability rating.

V.A. Disability Compensation – 2011

Disability Percentage	Monthly Payment
10 percent	\$ 123
20 percent	243
30 percent	376
40 percent	541
50 percent	770
60 percent	974
70 percent	1,228
80 percent	1,427
90 percent	1,604
100 percent	2,673

Figures may be adjusted annually for inflation.

V.A. offers three methods for receiving disability benefit payments. Most veterans and beneficiaries receive their payments by direct deposit through an electronic funds transfer to their bank, savings and loan, or credit union accounts. Recipients may also choose to receive benefits by opening an Electronic Transfer Account or by check. To choose a payment method, veterans and beneficiaries should call V.A.'s toll-free helpline at **1-877-838-2778**, Monday through Friday, 7:30 a.m. to 4:50 p.m., Central Standard Time.

Pensions

Veterans with low incomes who are permanently and totally disabled, or are age 65 and older, may be eligible for monetary support if they have 90 days or more of active military service, at least one day of which was during a period of war. (Veterans who entered active duty on or after September 8, 1980, or officers who entered active duty on or after October 16, 1981, may have to meet a longer minimum period of active duty.) The veteran's discharge must have been under conditions other than dishonorable and their disability must be for reasons other than their own willful misconduct. Payments are

HEALTH CARE

made to bring the veteran's total income, including other retirement or Social Security income, to a level set by Congress. Unreimbursed medical expenses may reduce countable income for V.A. purposes.

Social Security Benefits for Military Personnel

Monthly retirement, disability and survivor benefits under Social Security are payable to veterans and dependents if the veteran has earned enough work credits under the program. Upon the veteran's death, a one-time payment of \$255 also may be made to the veteran's spouse or child. In addition, a veteran may qualify at age 65 for Medicare's hospital insurance and medical insurance. Medicare protection is available to people who have received Social Security disability benefits for 24 months, and to insured people and their dependents who need dialysis or kidney transplants, or who have amyotrophic lateral sclerosis (more commonly known as Lou Gehrig's disease).

Those 65 or older and those who are blind or otherwise disabled may be eligible for monthly Supplemental Security Income (SSI) payments if they have little or no income or resources. States may supplement the federal payments to eligible persons and may disregard additional income.

For further information, call **1-800-772-1213** or visit **www.socialsecurity.gov**.

Veterans with disabilities may wish to contact Disability Network/Michigan for advice on independent living issues. Call **517-339-0539** or visit **<http://www.dnmichigan.org>**.

Gulf War, Depleted Uranium, Agent Orange, and Ionizing Radiation Registry Programs

V.A. has developed databases called registries to help analyze the type of

health conditions being reported by veterans who served in the Gulf War and Operation Iraqi Freedom; were exposed to depleted uranium; claim exposure to Agent Orange during the Vietnam War (between 1962 and 1975), while serving in Korea in 1968 or 1969, or other exposure while testing, transporting, or spraying herbicides; claim exposure to atomic radiation; or were treated with nasopharyngeal (NP) radium during military service. Veterans wishing to participate should contact the nearest V.A. health care facility for an examination.

Home Improvements and Structural Alterations Program

The Home Improvements and Structural Alterations Program provides funding for eligible veterans to make home improvements necessary for the continuation of treatment or for disability access to the home and essential lavatory and sanitary facilities. Home improvement benefits up to \$4,100 for service-connected reasons and up to \$1,200 for nonservice-connected reasons may be provided. For application information, contact the prosthetic representative at the nearest V.A. medical center or outpatient clinic (see page 21).

V.A. Center for Women Veterans

The Center for Women Veterans is the primary advisor to the Secretary for Veterans Affairs on all matters related to programs, issues, and initiatives for and affecting women veterans.

The mission of the Center for Women Veterans is:

- to ensure women veterans have access to V.A. benefits and services;
- to ensure that V.A. health care and benefits programs are responsive to the gender-specific needs of women veterans;
- to perform outreach to improve women veterans' awareness of V.A. services, benefits, and eligibility; and
- to ensure women veterans are treated with dignity and respect.

Some of the services for women veterans are Outreach to Women Veterans, Health Care for Women Veterans, Sexual Trauma Counseling, and Comprehensive Health Care Centers.

For further information, visit **www1.va.gov/womenvet**.

Counseling

Veterans may need help after they return home from war. Friends and family who have not shared similar experiences may be unable

to understand how they can help. There are resources that veterans have available to help cope with the impact of war once back home. Families who have lost loved ones in the military may also experience grief beyond their ability to cope with alone. Help is available for these family members as well.

The Department of Veterans Affairs provides readjustment counseling services through community-based Vet Centers. This counseling is designed to help combat veterans readjust to civilian life. Programs are available addressing military sexual trauma, post-traumatic stress disorder, or help with any other military-related issue that affects functioning within the family, work, school, or other areas of everyday life, among other programs.

If you are a veteran of Operation Iraqi Freedom (OIF) or Operation Enduring Freedom (OEF), you may wish to contact the OIF/OEF Program Team at a nearby V.A. Medical Center to assist you in navigating the transition to V.A. care.

Veterans who served on active duty in a combat theater during World War II, the Korean War, the Vietnam War, the Persian Gulf War, or other specific campaigns including current campaigns in Iraq, Afghanistan and the Global War on Terror may be eligible.

Veterans may wish to contact the nearest Vet Center or visit **<http://www.vetcenter.va.gov>**.

Veterans eligible for V.A. medical care may apply for substance abuse treatment. Contact the nearest V.A. medical facility to apply. **See contact information on page 20 of this booklet.**

Veterans experiencing an emotional crisis or who need to talk to a trained mental health professional may call the National Suicide toll-free hotline number, **1-800-273-TALK (8255)**. The hotline is available 24 hours a day, seven days a week. Callers are immediately connected with a qualified and caring provider who can help.

HEALTH CARE

Bereavement counseling is available to all family members including spouses, children, parents, and siblings of service members who died while on active duty. Information is available by calling **(202) 461-6530**.

Post-Traumatic Stress Disorder

According to the National Center for Post-Traumatic Stress Disorder, the condition known as Post-Traumatic Stress Disorder, or PTSD, is a psychiatric disorder that can occur following the experience or witnessing of life-threatening events such as military combat, natural disasters, terrorist incidents, serious accidents, or violent personal assaults like rape. Most survivors of trauma return to normal given a little time. However, some people will have stress reactions that do not go away on their own, or may even get worse over time. These individuals may develop PTSD. People who suffer from PTSD often relive the experience through nightmares and flashbacks, have difficulty sleeping, and feel detached or estranged, and these symptoms can be severe enough and last long enough to significantly impair the person's daily life.

PTSD is marked by clear biological changes as well as psychological symptoms. PTSD is complicated by the fact that it frequently occurs in conjunction with related disorders such as depression, substance abuse, problems of memory and cognition, and other problems of physical and mental health. The disorder is also associated with impairment of the person's ability to function in social or family life, including occupational instability, marital problems and divorces, family discord, and difficulties in parenting.

About 30 percent of the men and women who have spent time in war zones experience

PTSD. An additional 20 to 25 percent have had partial PTSD at some point in their lives. More than half of all male Vietnam veterans and almost half of

all female Vietnam veterans have experienced "clinically serious stress reaction symptoms." PTSD has also been detected among veterans of the Gulf War, with some estimates running as high as 8 percent.

The National Center for Post-Traumatic Stress Disorder web site is **<http://www.ncptsd.va.gov>**.

Traumatic Brain Injury

Traumatic Brain Injury (TBI) is a wound caused by direct or indirect involvement with an improvised explosive device (IED), attacks by mortars, grenades, bullets, car accidents, or

HEALTH CARE

falls. It is sometimes called the invisible wound because the injury can be sustained without visible external wounds. The extent of damage from TBI might not be realized until after the soldier, Marine, airman, or sailor is back home. Further, the symptoms may not be recognized as TBI and may even be confused with PTSD.

Visit the state TBI web site at www.michigan.gov/tbi for information and links to resources of interest to veterans.

Homeless Veterans

V.A. provides comprehensive medical, psychological and rehabilitation treatment for eligible homeless veterans and conducts homeless outreach such as community-based “stand downs” to help homeless veterans.

The **V.A. Health Care for Homeless Veterans (HCHV) Program** provides a gateway to V.A. and community supportive services for eligible veterans.

The **National Call Center for Homeless Veterans (NCCHV)** assists homeless veterans, at-risk veterans, their families and other interested parties with linkages to appropriate V.A. and community-based resources. The call center provides trained V.A. staff members 24 hours a day, seven days a week that assess a caller’s needs and connect them to appropriate resources. The call center can be accessed by dialing **1-877-4AID VET (1-877-424-3838)**.

The **V.A. Grant and Per Diem (GPD) Program** provides funds to non-profit community agencies providing transitional housing (up to 24 months) and/or offering services to homeless veterans, such as case management, education, crisis intervention, counseling, and services targeted towards specialized populations including homeless women veterans.

The **Housing and Urban Development - Veterans Affairs Supported Housing (HUD-VASH)** Program provides permanent housing and ongoing case management for eligible homeless veterans who would not be able to live independently without the support of case management.

Through the **Supportive Services for Low-Income Veterans Program**, V.A. aims to improve very low-income veteran families’ housing stability by providing supportive services to very low-income veteran families in or transitioning to permanent housing. V.A. funds community-based organizations to provide eligible veteran families with outreach, case management and assistance in obtaining V.A. and other benefits.

In **V.A.’s Compensated Work Therapy/Transitional Residence (CWT/TR)** Program, disadvantaged, at-risk, and homeless veterans live in CWT/TR community-based supervised group homes while working for pay in V.A.’s CWT Program, to learn new job skills, relearn successful work habits, and regain a sense of self-esteem and self-worth.

The **Healthcare for Re-Entry Veterans (HCRV) Program** offers outreach, referrals and short-term case management assistance for incarcerated veterans who may be at risk for homelessness upon their release. For assistance, contact the nearest V.A. medical facility, call **1-800-827-1000**, or visit <http://www.va.gov/homeless> to find contact information on V.A. homeless veteran coordinators in each state.

If you are in immediate need of shelter, please call the Department of Human Services hotline at **1-800-A-SHELTER (1-800-274-3583)**. They will arrange for a temporary emergency shelter or motel stay.

HOME LOANS AND TAX CREDITS

Federal Benefits – Home Loan Guaranties

Veterans Affairs loan guaranties may be made to eligible service members, veterans, reservists, and unmarried surviving spouses for the purchase of homes, condominiums, and manufactured homes and for refinancing loans. Applicants must have a good credit rating, have an income sufficient to support mortgage payments, and agree to live in the property.

A V.A. loan guaranty can be used to:

- (1) Buy or build a home.
- (2) Buy a residential condominium.
- (3) Buy a residential cooperative housing unit.
- (4) Repair, alter, or improve a home.
- (5) Refinance an existing home loan.
- (6) Buy a manufactured home with or without a lot.
- (7) Install a solar heating or cooling system or other energy-efficient improvements.

Service Eligibility

Applications involving other than honorable discharges will usually require further development by V.A.

Service during:

WWII	09/16/40 to 07/25/47
Post WWII	07/26/47 to 06/26/50
Korean	06/27/50 to 01/31/55
Post Korean	02/01/55 to 08/04/64
Vietnam	08/05/64 to 05/07/75; or beginning 02/28/61 for veterans who served in Republic of Vietnam
Post Vietnam	05/8/75 to 08/1/90
Persian Gulf Era	08/02/90 to date to be determined

If service was between September 8, 1980 (October 16, 1981, for officers) and August 1, 1990, veterans must generally complete 24 months of continuous active duty service or the full period (at least 181 days) for which they were called or ordered to active duty, and be discharged under conditions other than dishonorable ("24-month rule").

If you served fewer than 181 days, you may be eligible if discharged for a service-connected disability.

Veterans of the Gulf War era must generally complete 24 months of continuous active duty or the full period (at least 90 days) for which they were called to active duty, and be discharged under conditions other than dishonorable.

HOME LOANS AND TAX CREDITS

Exceptions are allowed if the veteran completed at least 90 days of active duty but was discharged earlier than 24 months for:

- (1) hardship;
- (2) the convenience of the government;
- (3) reduction-in-force;
- (4) certain medical conditions; or
- (5) service-connected disability.

Reservists and National Guard members are eligible if they were activated after August 1, 1990, served at least 90 days, and received an honorable discharge.

Until the Gulf War era is ended, persons on active duty are eligible after serving 90 continuous days.

A funding fee must be paid to V.A. unless the veteran is exempt from such a fee because he or she receives V.A. disability compensation. The fee may be paid in cash or included in the loan. Closing costs such as V.A. appraisal, credit report, loan processing fee, title search, title insurance, recording fees, transfer taxes, survey charges, or hazard insurance may not be included in the loan.

V.A. Assistance to Veterans in Default:

When a veteran's home loan becomes delinquent, the veteran should contact the lender as soon as possible to explain what caused the missed payments, and discuss how they can be repaid.

V.A. does not have funds to lend veterans to make delinquent payments, but can offer financial counseling to veterans with V.A.-guaranteed, conventional, or sub-prime loans. For veterans with V.A.-guaranteed loans, V.A. may be able to intercede with the lender to help arrange an alternative option to foreclosure, but does not have that authority on other loans.

To obtain a Certificate of Eligibility (COE), complete V.A. Form 26-1880, "Request for a Certificate of Eligibility," and mail to: V.A. Eligibility Center, P.O. Box 20729, Winston-Salem, NC 27120.

You can find more information on eligibility and addresses for the centers by contacting your local V.A. office or by visiting V.A.'s loan guaranty eligibility page at <http://www.homeloans.va.gov/eligibility.htm>.

If you have questions about the V.A. Home Loan Program, contact your county V.A. office or call **1-877-827-3702** or **1-800-827-1000**.

Specially Adapted Homes

Certain veterans with service-connected disabilities may be entitled to a grant from V.A. to assist in either building a new specially adapted home, adapting a home they already own, or in purchasing an existing home to modify and remodel to meet their disability-related requirements (a "702 Housing Grant").

V.A. may approve a grant of not more than 50 percent of the cost of building, buying, or adapting existing homes or paying to reduce indebtedness on a previously owned home that is being adapted, up to a maximum of \$60,000. In certain instances, the full grant may be applied toward remodeling costs.

HOME LOANS AND TAX CREDITS

State of Michigan Benefits

Tax Benefits

The **Home Heating Credit** is designed to assist low-income families and seniors in paying their home heating costs. Homesteads can be a rented apartment or a mobile home on a lot in a mobile home park. The final date to file for a Home Heating Credit is September 30.

The **Michigan Homestead Property Tax Credit** is available if the homestead is located in Michigan, the owner was a Michigan resident at least six months in the prior year, and the owner pays property taxes or rents a Michigan homestead. People may not claim a property tax credit if their household income is more than \$82,650. The final date to file for a Homestead Property Tax Credit is April 16 (MI1040-CR2 tax form). For property tax matters, call **517-373-0500** or **517-373-3200**.

The **Disabled Veteran Homestead Exemption** provides that certain honorably discharged veterans with a service-connected disability (or their surviving unremarried

spouses) who received monetary assistance from the federal government for specially adapted homes (a "702 Housing Grant") may apply for an exemption for their homestead from property taxation. A qualified veteran must submit an affidavit and a certificate from the V.A. confirming the monetary assistance for specially adapted housing. Contact your township supervisor or other assessing officer for further information and deadlines.

Principal Residence Exemption

There is a 24-mill statewide property tax levy used for K-12 education funding. Principal residences are exempt from 18 mills of this tax levy. Each individual or married couple may claim only one (principal) residence in the state as their principal residence, thus they may claim only one exemption.

Annual property assessment increases are capped at 5 percent or the rate of inflation, whichever is less. These assessments are "uncapped" after the property is sold, then taxed at the property's fair market value.

LIFE INSURANCE

There are a number of current V.A. Life Insurance Programs offered to our veterans.

Servicemembers' Group Life Insurance (SGLI)

- Active duty members and reservists of the uniformed services.
- Automatically insured for \$400,000.
- SGLI has automatic spousal and dependent child coverage. Spouses are covered for a maximum of \$100,000 on a paid-premium basis (FSGLI) and dependent children are covered for a maximum of \$10,000, free. Spousal coverage can be decreased or declined by request of the insured servicemember.

Traumatic Injury Servicemembers' Group Life Insurance (TSGLI)

- TSGLI coverage provides for one-sum payments ranging from \$25,000 to \$100,000 for certain severe physical traumas, such as loss of limbs or sensory organs, severe paralysis, etc., as defined by the Office of Servicemembers' Group Life Insurance (OSGLI) and the Department of Defense (DOD).

Veterans' Group Life Insurance (VGLI)

- SGLI may be converted to VGLI in these cases:
 - (1) Full-time SGLI coverage upon release from active duty or the reserves after August 1974.
 - (2) Part-time SGLI coverage for veterans who incur a disability or aggravate a

pre-existing disability during a reserve period which renders them uninsurable at standard premium rates.

(3) Members of the Individual Ready Reserve and Inactive National Guard.

- Individuals entitled to SGLI coverage can convert to VGLI by submitting the premium within 120 days of separating from active duty or the reserves. After 121 days, the individual may be granted VGLI provided initial premium and evidence of insurability are submitted within one year after termination of the veteran's SGLI coverage.
- Individuals with full-time SGLI coverage who are totally disabled at the time of separation and whose service makes them eligible for VGLI may now be granted VGLI coverage free of premiums for two years following separation. Application for VGLI must, however, be made as usual, with supporting evidence of total disability, to the OSGLI center. The amount of VGLI carried cannot exceed the amount of SGLI previously held.
- Spousal and dependent coverage cannot at present be carried over into the Veterans' Group Life Insurance program; however, spouses have the option of converting their coverage to a private life insurance policy with a participating company within 120 days of the servicemember leaving active duty or if the servicemember drops the primary SGLI coverage.

LIFE INSURANCE

Service-Disabled Veterans' Insurance (SDVI)

- Individuals with service-connected disabilities but who are otherwise in good health may apply to V.A. for up to \$10,000 in life insurance coverage at standard insurance rates within two years from the date of being notified of an original service-connected status (increases of pre-existing ratings alone do not qualify).
- Limited to veterans who left service after April 24, 1951.
- Veterans who are totally disabled and thereby not able to follow substantially gainful employment may apply for a waiver of premiums if the disability began before age 65.
- For those veterans who are eligible for this waiver and who are under age 65, additional coverage of up to \$20,000 may be available upon application. Premiums cannot be waived on this additional insurance.

Veterans' Mortgage Life Insurance (VMLI)

- The maximum amount of mortgage life insurance available for those granted a specially adapted housing grant is \$90,000. Protection is automatic, unless the veteran declines.
- Premiums are automatically deducted from V.A. benefit payments or paid direct, if the veteran does not draw compensation and will continue until the mortgage has been liquidated, or the home is sold.
- If a mortgage is disposed of, VMLI may be obtained on the mortgage of another home.
- Payment is to the current mortgage lender.

DEPENDENT AND SURVIVOR BENEFITS

Burial Benefits

Headstones and Markers

Upon request, V.A. furnishes headstones or markers (including "In Memory Of" markers) at no charge for graves in cemeteries around the world for service members who die while on active duty and for eligible veterans. V.A. also provides headstones or markers for spouses and dependents buried in state or national veterans cemeteries, but not for those buried in private cemeteries.

To apply and to obtain specific information on available styles, contact the cemetery where the headstone or marker is to be placed. When burial occurs in a private cemetery, an application for a government-furnished headstone or marker must be made to V.A. The government will ship the headstone or marker free of charge, but will not pay for its placement. To apply, mail a completed V.A. Form 40-1330, along with a copy of the veteran's military service discharge document and death certificate to Memorial Programs Service (41A1), Department of Veterans Affairs, 5109 Russell Road, Quantico, VA 22134-3903, or fax documents to **1-800-455-7143**. Do not send original discharge documents, as they will not be returned. For more information and instructions, visit <http://www.cem.va.gov>.

Presidential Memorial Certificates

Certificates signed by the President are issued upon request to recognize the military service of honorably discharged deceased veterans. Next of kin, relatives, and friends may request Presidential Memorial Certificates

in person at any V.A. regional office or by mailing a completed V.A. Form 40-0247 to: Presidential Memorial Certificates (41A1C), Department of Veterans Affairs, 5109 Russell Road, Quantico, VA 22134-3903. Or fax documents to **1-800-455-7143**.

There is no time limit for requesting these certificates, but requests should include a copy, not the original, of the deceased veteran's discharge document and clearly indicate to what address the certificate should be sent. Additional information can be found at <http://www.cem.va.gov>.

Burial Flags

V.A. will furnish a United States burial flag for memorialization of:

- (1) Veterans who served during wartime or after 1/31/55.
- (2) Veterans who were entitled to retired pay for service in the reserves, or would have been entitled if over age 60.
- (3) Members or former members of the Selected Reserve who served their initial obligation, or were discharged for a disability incurred or aggravated in line of duty, or died while a member of the Selected Reserve.

Additional information and V.A. Form 21-2008 can be found at <http://www.cem.va.gov/cem/bbene/bflags.asp>.

Family members should inform their funeral directors if they want military funeral honors. DOD maintains a toll-free number (**1-877-MIL-HONR**) for use by funeral directors only to request honors. For more information, visit <http://www.militaryfuneralhonors.osd.mil>.

Reimbursement of Burial Expenses

V.A. will pay a burial allowance up to \$2,000 if the veteran's death is service-connected. In such cases, the person who bore the veteran's burial expenses may claim reimbursement from V.A. In some instances, V.A. also will pay the cost of transporting the remains of a service-disabled veteran to the national cemetery nearest the home of the deceased that has available gravesites. There is no time limit for filing reimbursement claims in service-connected death cases.

V.A. will pay a \$300 burial and funeral expense allowance for veterans who, at the time of death, were entitled to receive a pension or compensation or would have been entitled to compensation if they weren't receiving military retirement pay. There is a 2-year time limit.

V.A. will pay a \$300 plot allowance when a veteran is buried in a cemetery not under U.S. government jurisdiction if: the veteran was discharged from active duty because of disability incurred or aggravated in the line of duty; the veteran was receiving compensation or pension or would have been if the veteran was not receiving military retired pay; or the veteran died in a V.A. facility.

For information on monetary benefits, call **1-800-827-1000**. Additional information about burial and memorial

The Soldiers Relief Commission of each county has the responsibility for investigating each claim.

Survivor Benefits for Spouse and Children – Federal Benefits

Death Pension

V.A. provides pensions to low-income surviving spouses and unmarried children of deceased veterans with wartime service.

Spouses must not have remarried and children must be under age 18, or under age 23 if attending a V.A.-approved school, or have become permanently incapable of self-support because of disability before age 18.

DEPENDENT AND SURVIVOR BENEFITS

The veteran must have been discharged under conditions other than dishonorable and must have had 90 days or more of active military service, at least one day of which was during a period of war, or a service-connected disability justifying discharge. Longer periods of service may be required for veterans who entered active duty on or after September 8, 1980, or October 16, 1981, if an officer. If the veteran died in service, but not in the line of duty, death pension may be payable if the veteran had completed at least two years of honorable service.

Children who become incapable of self-support because of a disability before age 18 may be eligible for a death pension as long as the condition exists, unless the child marries or the child's income exceeds the applicable limit.

A surviving spouse may be entitled to a higher income limit if living in a nursing home, in need of the aid and attendance of another person, or is permanently housebound.

For more information, call **1-800-827-1000** or visit **<http://www.va.gov>**.

Dependency and Indemnity Compensation (DIC)

For a survivor to be eligible for Dependency and Indemnity Compensation (DIC), the veteran's death must have resulted from one of the following causes:

- (1) A disease or injury incurred or aggravated in the line of duty while on active duty or active duty for training.
- (2) An injury, heart attack, cardiac arrest, or stroke incurred or aggravated in the line of duty while on inactive duty training.
- (3) A service-connected disability or a condition directly related to a service-connected disability.

DIC may also be paid to survivors of veterans who were totally disabled from service-connected conditions at the time of death, even though their service-connected disabilities did not cause their deaths.

The survivor qualifies if the veteran was:

- (1) Continuously rated totally disabled for a period of 10 years immediately preceding death.
- (2) Continuously rated totally disabled from the date of military discharge and for at least five years immediately preceding death.
- (3) Or a former POW who died after September 30, 1999, and who was continuously rated totally disabled for a period of at least one year immediately preceding death.

Payments will be offset by any amount received from judicial proceedings brought on by the veteran's death. The discharge must have been under conditions other than dishonorable.

Surviving spouses of veterans who died on or after January 1, 1993, receive a basic rate, plus additional payments for dependent children, for the aid and attendance of another person if they are patients in a nursing home or require the regular assistance of another person, or if they are permanently housebound.

Add \$248 if the veteran was totally disabled eight continuous years prior to death. Add \$250 to the additional allowance for dependent children for the initial two years of entitlement for DIC awards commencing on or after January 1, 2005.

Surviving spouses of veterans who died prior to January 1, 1993, receive an amount based on the deceased's military pay grade.

FINANCIAL EMERGENCIES AND VETERANS RESOURCES

Programs – State of Michigan

Michigan Veterans Trust Fund Emergency Grant Program

Financial assistance may be available to certain Michigan veterans serving at least 180 days of active duty in a wartime period who were discharged under honorable conditions. The program assists with an unforeseen situation that causes a temporary or short-term financial emergency or hardship that a grant will resolve. Examples of such needs include delay in unemployment benefits or other income or unexpected hospitalizations that cause reductions in income to meet household needs. The grants may assist with housing, utilities, car payments or insurance or medical assistive devices. Coordination is made with other agencies that may also assist with these types of needs. Contact your county Veterans Affairs office (see page 33) or call **517-373-3130** for a referral or visit the web site at <http://www.michigan.gov/veterans>.

Military Family Relief Fund

The Military Family Relief Fund provides financial assistance to Reserve Component and National Guard service personnel and their families while deployed for 30 or more days in support of Operation Enduring Freedom or Operation Iraqi Freedom. The fund, established in law (PA 363 of 2004), receives donations from Michigan citizens completing their state income tax return.

The assistance provides help in meeting the expenses of daily living including food, clothing, housing, home repairs, appliances, utilities, medical services, prescriptions, car payments/repairs and insurance payments.

Grants are typically limited to no more than \$2,000 per year. The Adjutant General may waive the limit for emergent cases.

Eligible military families may request an application by calling **1-866-271-4404**.

Submit completed applications to:

Department of Military and Veterans Affairs
Office of Financial Services
ATTN: Military Family Relief Fund
3423 N. Martin Luther King Jr. Blvd
Lansing, MI 48906.

State of Michigan – Department of Human Services

The Department of Human Services (see county contacts on page 34) provides cash assistance to families with children and pregnant women to help them pay for living expenses such as rent, heat, utilities, clothing, food, and personal care items. Assistance in finding a job or developing needed job skills, help with transportation, child care, and other needs related to employment and training may be provided.

Soldiers Relief Commission

In some counties, emergency relief grants are available to Michigan veterans who do not meet Michigan Veterans Trust Fund criteria. Funds are limited, so the commission makes an effort to refer veterans who are eligible to other sources of financial assistance. Contact your county V.A. office.

Contact a county veterans counselor at www.macvc.net for assistance. See page 35 for phone numbers of county counselors.

FINANCIAL EMERGENCIES AND VETERANS RESOURCES

You may also consult your local phonebook for county government. Usually this is handled by the office of Veteran Affairs.

Michigan National Guard and Michigan-Based Active Military

Each FAC or WC will act as a call center for military families for a large scope of issues. Some personal issues may require counseling and referral to an area Chaplain, legal matters may require reference to a military Judge Advocate General, and military pay problems require help from the military pay section at the State HQ. These call centers may also receive a variety of family calls and questions that relate to insurance, financial debt, or a variety of maintenance issues.

The fund provides up to a \$500 grant to soldiers and airmen and their family members who encounter financial hardships.

What constitutes a need? Emergency loss of income through activation for military duty; inability to maintain employment due to injury, sudden illness, or job loss; unexpected medical expenses; pay problems; or the accumulation of legitimate bills (e.g., rent, mortgage, electric, oil, gas, etc.). Also included is the inability to pay for basic needs such as food, shelter, utilities, clothing, medical bills, and transportation due to unforeseen circumstances. An application must be submitted with the necessary documentation. For an application form, go to **<http://www.michguard.com>**.

OF INTEREST TO VETERANS

Veteran Holidays

Veterans Day

Veterans Day is an opportunity to publicly commemorate the contributions of living veterans. Armistice Day officially received its name in America in 1926 through a congressional resolution. It became a national holiday 12 years later by similar congressional action.

If World War I had indeed been “the war to end all wars,” November 11 might still be called Armistice Day. Realizing that peace was equally preserved by veterans of World War II and Korea, Congress decided to make the day an occasion to honor all those who have served America. In 1954, President Dwight D. Eisenhower signed a bill proclaiming November 11 as Veterans Day. (Historically, the first Veterans Day parade was held in 1953 in Emporia, Kansas.)

A law passed in 1968 changed the national commemoration of Veterans Day to the fourth Monday in October. It soon became apparent, however, that November 11 was a date of historic significance to many Americans. Therefore, in 1978 Congress returned the observance to its traditional date.

Memorial Day

Memorial Day was officially proclaimed on May 5, 1868 by General John Logan, national commander of the Grand Army of the Republic and was first observed on May 30, 1868, when flowers were placed on the graves of Union and Confederate soldiers at Arlington National Cemetery. The first state to officially recognize the holiday was New York

in 1873. By 1890 it was recognized by all of the northern states. The South refused to acknowledge the day, honoring their dead on separate days until after World War I (when the holiday changed from honoring just those who died fighting in the Civil War to honoring Americans who died fighting in any war). It is now celebrated in almost every state on the last Monday in May (passed by Congress with the National Holiday Act of 1971 (P.L. 90-363) to ensure a three-day weekend for Federal holidays), though several southern states have an additional separate day for honoring the Confederate war dead: January 19 in Texas; April 26 in Alabama, Florida, Georgia, and Mississippi; May 10 in South Carolina; and June 3 (Jefferson Davis’ birthday) in Louisiana and Tennessee.

Flag Etiquette

Federal law stipulates many aspects of flag etiquette. The section of law dealing with American Flag etiquette is generally referred to as the Flag Code. Some general guidelines from the Flag Code answer many of the most common questions.

Flag Displayed Outdoors

Over the Middle of the Street

The flag should be suspended vertically with the union or blue field to the north on an east and west street or to the east on a north and south street.

OF INTEREST TO VETERANS

Flown at Half-Staff

The flag should be first hoisted to the peak for an instant and then lowered to the half-staff position. The flag should again be raised to the peak before it is lowered for the day. "Half-staff" means the flag has been lowered to one-half the distance between the top and bottom of the staff. Crepe streamers may be affixed to spear heads or flagstaffs in a parade only by order of the President of the United States.

Flown on the Same Halyard With Non-National Flags

The American flag should always be at the peak. When flags are flown from adjacent staffs, the flag of the United States should be hoisted first and lowered last. No flag or pennant may be placed above or to the right of the flag of the United States.

Suspended Over a Sidewalk

The flag may be suspended from a rope extending from a house to a pole at the edge of the sidewalk. The flag should be hoisted out, union first, from the building.

From a Staff Projecting Horizontally or at an Angle

The flag may be projected from a window sill, balcony, or front of a building, with the union of the flag placed at the peak of the staff unless the flag is at half-staff.

In a Parade With Other Flags

The flag, when carried in a procession with another flag, or flags, should be either on the marching right (that is, the flag's own right), or, if there is a line of other flags, in front of the center of that line.

With Non-National Flags

The flag of the United States should be at the center and at the highest

point of the group when a number of flags of states or localities or pennants of societies are grouped and displayed from staffs.

With Other National Flags

When flags of two or more nations are displayed, they are to be flown from separate staffs of the same height. The flags should be of approximately equal size. International usage forbids the display of the flag of one nation above that of another nation in time of peace.

With Another Flag Against a Wall From Crossed Staffs

The American flag should be on the right (the flag's own right which is the viewer's left) and its staff should be in front of the staff of the other flag.

Flag Displayed Indoors

From a Staff in a Church or Public Auditorium on a Podium

The flag of the United States should hold the position of superior prominence, in advance of the audience, and in the position of honor at the clergyman's or speaker's right as he/she faces the audience. Any other flag so displayed should be placed on the left of the clergyman or speaker (to the right of the audience).

From a Staff in a Church or Public Auditorium off the Podium

Custom – not the Flag Code – holds that the flag of the United States should hold the position of superior prominence, as part of the audience, in the position of honor at the audience's right.

Used to Cover a Casket

The American flag should be so placed on a casket that the union is at the head and over the left shoulder of the deceased. The flag should not be lowered into the grave or allowed to touch the ground.

OF INTEREST TO VETERANS

Other Than Being Flown From a Staff

The flag should be displayed flat, whether indoors or out. When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right (that is, to the observer's left). When displayed in a window, it should be displayed in the same way (that is, with the union to the left of the observer in the street). When festoons, rosettes, or drapings are desired, bunting of blue, white, and red should be used, but never the flag itself.

Read a more comprehensive set of flag code etiquette rules for display of the American Flag at the "Americanism" link at the American Legion web site (<http://www.legion.org>).

P.L. 110-181 amended section 9, title 4, USC, to allow veterans to render the hand salute to the United States flag. The section reads: "During the ceremony of hoisting or lowering the flag or when the flag is passing in a parade or in review, all persons present in uniform should render the military salute. Members of the Armed Forces and veterans who are present but not in uniform may render the military salute. All other persons present should face the flag and stand at attention with their right hand over the heart or if applicable, remove their headdress with their right hand and hold it at the left shoulder, the hand being over the heart. Citizens of other countries present should stand at attention. All such conduct toward the flag in a moving column should be rendered at the moment the flag passes."

State Policy for Flying American Flags at Half-Staff

State policy for displaying the United States flag at half-staff as a mark of respect for the memory of military personnel who are killed in the line of duty is found in Executive Order No. 2006-10.

As recognized under Proclamation 2003-4, the flag of the United States shall be displayed at half-staff throughout the State of Michigan on a day designated by the Governor when a member of the Michigan National Guard or a Michigan resident servicing as a member of the United States Armed Forces is killed in the line of duty.

When an order providing for the flag to be displayed at half-staff on a statewide basis is issued, Michigan residents, businesses, schools, local governments, and other organizations also are urged to display the flag at half-staff.

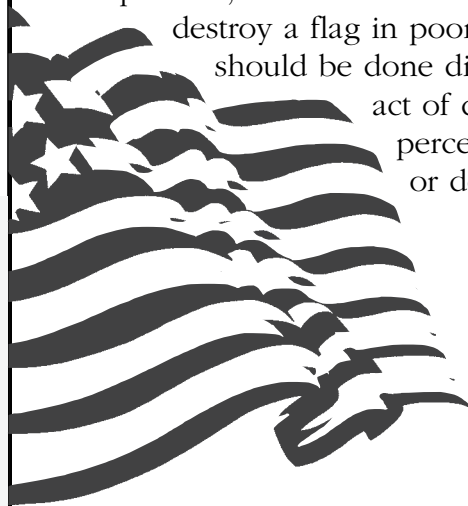

Flag Disposal

The United States Flag Code provides:

"The flag, when it is in such condition that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning."

Many veterans service organizations conduct ceremonies for the destruction of unserviceable flags by burning. Such ceremonies may be done on June 14, Flag Day, to mark the dignity and solemnity of the occasion. Some local governments may also conduct these ceremonies.

In practice, for individuals who wish to destroy a flag in poor condition, this should be done discreetly so the act of destruction is not perceived as a protest or desecration.
